

【Notice on reopening of our business】

Thank you for your continued patronage of Shinjuku Granbell Hotel.

We have been closed for a long time in response to a request from the Tokyo Metropolitan Government to accept asymptomatic and mildly ill patients, but we will reopen from June 1, 2023(Thursday).

We apologize for the inconvenience during our closure, but we appreciate your understanding. All staff are preparing for the reopening of our business.

We will implement sterilization and hygiene management under the initiative of Bureau of Social Welfare and Public Health in Tokyo, and we work on thorough guidance and management so that customers can use our hotel hygienically and comfortably.

Thank you in advanced.

Shinjuku Granbell Hotel
Manager
